ABOUT TRAVELCARE UGANDA

Professional Corporate Travel Management Since 2005

> ***"At the heart of Travelcare is our team — experienced, professional and genuinely committed to delivering the highest level of service."***

Established 2005 | IATA Accredited

Travelcare Uganda has been delivering professional corporate travel management services since 2005 and has maintained full IATA accreditation from the outset. Over the years, we have built a strong reputation for reliability, responsiveness and professional service, supporting organisations operating in dynamic and demanding environments.

In 2019, Travelcare Uganda acquired Intek Africa Travel, a like-minded travel management company. While we continue to operate as two separate businesses, we share a common commitment to excellence and a unified approach to delivering high-quality service.

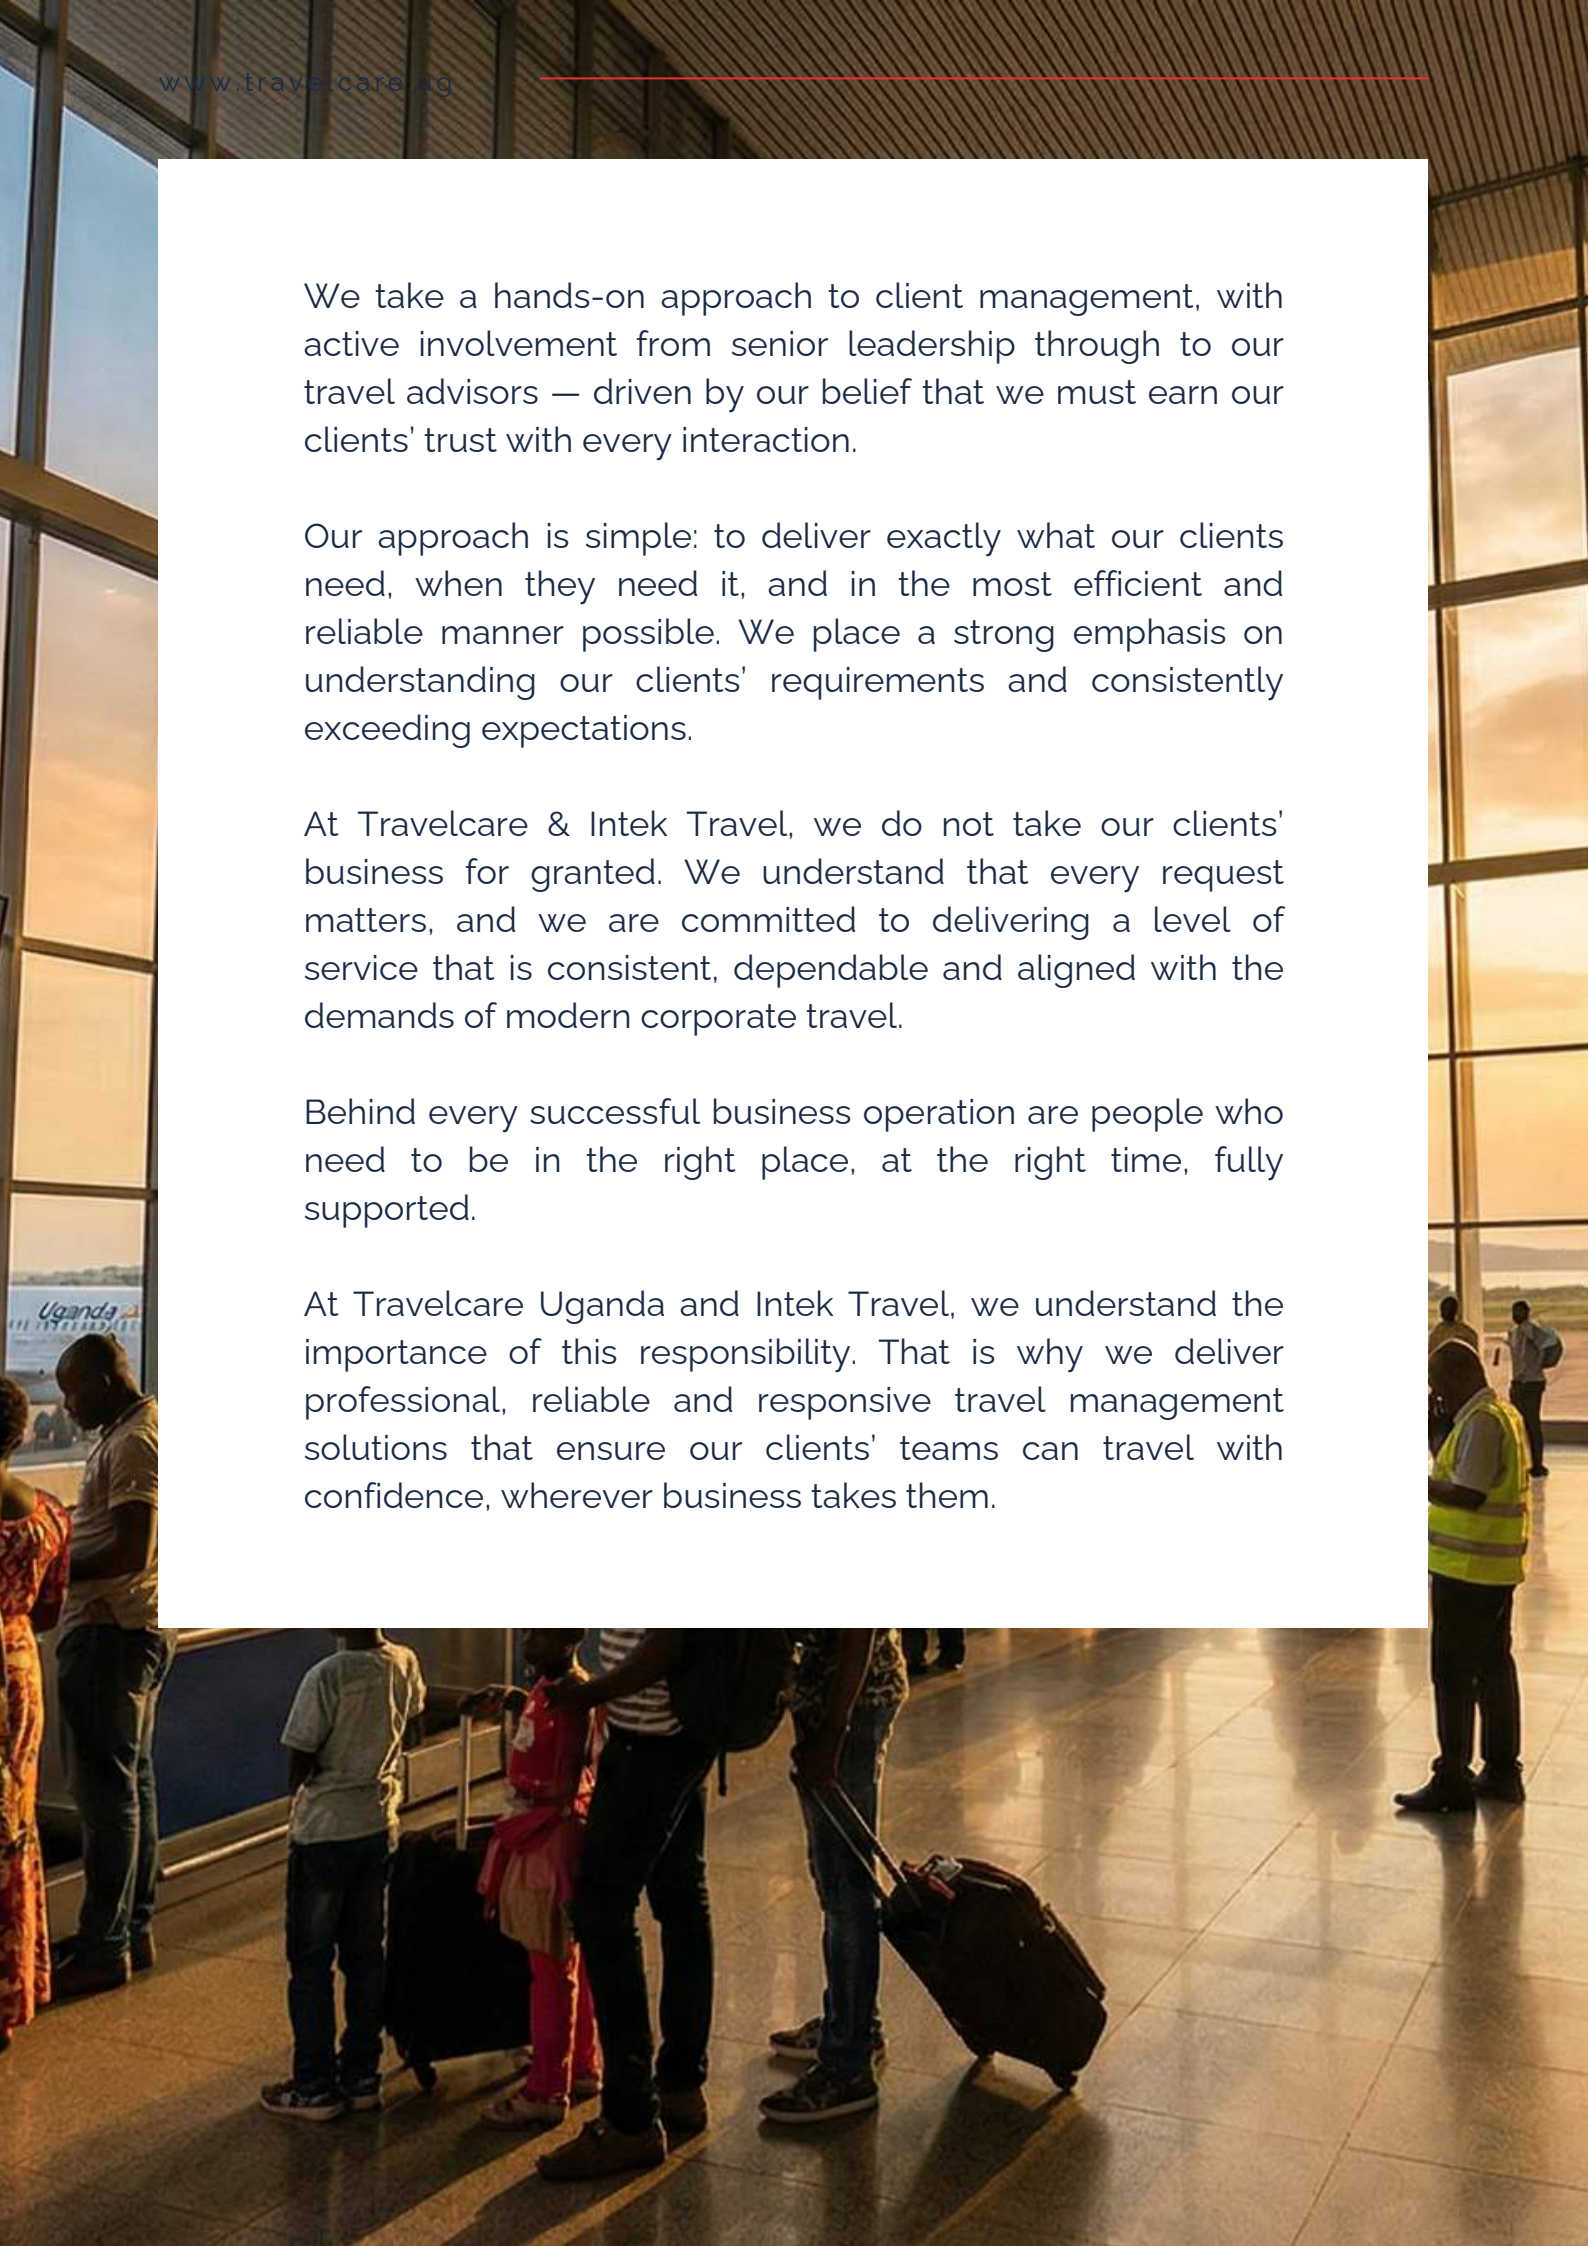

We take a hands-on approach to client management, with active involvement from senior leadership through to our travel advisors — driven by our belief that we must earn our clients' trust with every interaction.

Our approach is simple: to deliver exactly what our clients need, when they need it, and in the most efficient and reliable manner possible. We place a strong emphasis on understanding our clients' requirements and consistently exceeding expectations.

At Travelcare & Intek Travel, we do not take our clients' business for granted. We understand that every request matters, and we are committed to delivering a level of service that is consistent, dependable and aligned with the demands of modern corporate travel.

Behind every successful business operation are people who need to be in the right place, at the right time, fully supported.

At Travelcare Uganda and Intek Travel, we understand the importance of this responsibility. That is why we deliver professional, reliable and responsive travel management solutions that ensure our clients' teams can travel with confidence, wherever business takes them.
